The Holidays are upon us and we are puttin' on our dancing shoes! We are loving the Thanksgiving break dance to kick-up our heels for the Celebrations beginning on Black Friday! Shop 'til you drop at the malls but save some coin and join us for good old-fashioned 6pm reveling leading to the 6:45 lighting of the tree followed by Santa's arrival at 7pm on the Bellevue Central Methodist patio.

Stop in at the "Other Happenings" businesses we have introduced (over) along with Erin's Hallmark and many of the fine restaurants ready to welcome your arrival. BYOB is our local dry town option.

"Small Business Saturday" is a nationwide movement encouraging consumers to shop "small" in support of the local economy. For every \$100 spent at a local store, \$68 stays in your community according to research firm Civic Economics. Did you know? Over the last decade, 60%-80% of new jobs each year were generated by small businesses. Another great reason to shop small! Shop us!

Enjoy Bellevue is on the Pepsi Refresh list for \$25K for installation of loudspeakers for the Lincoln Avenue extended business district. Starting December 1 thru December 31 we need your daily VOTE for this important community benefit. Imagine the magic of music again on the avenue and PSA's during events! Visit our [website](#).

Mark your calendar for the special ribbon cutting/scavenger hunt event in Bellevue on December 11. Celebrate Bellevue businesses!

Free parking is granted on the streets and all of the municipal lots beginning at 10am every day from Thanksgiving until Christmas!
